Using Best Practices & Unleashing Student Creativity:

A Reflective Assignment that Examines the Intersection between Personal Values and PR Rules

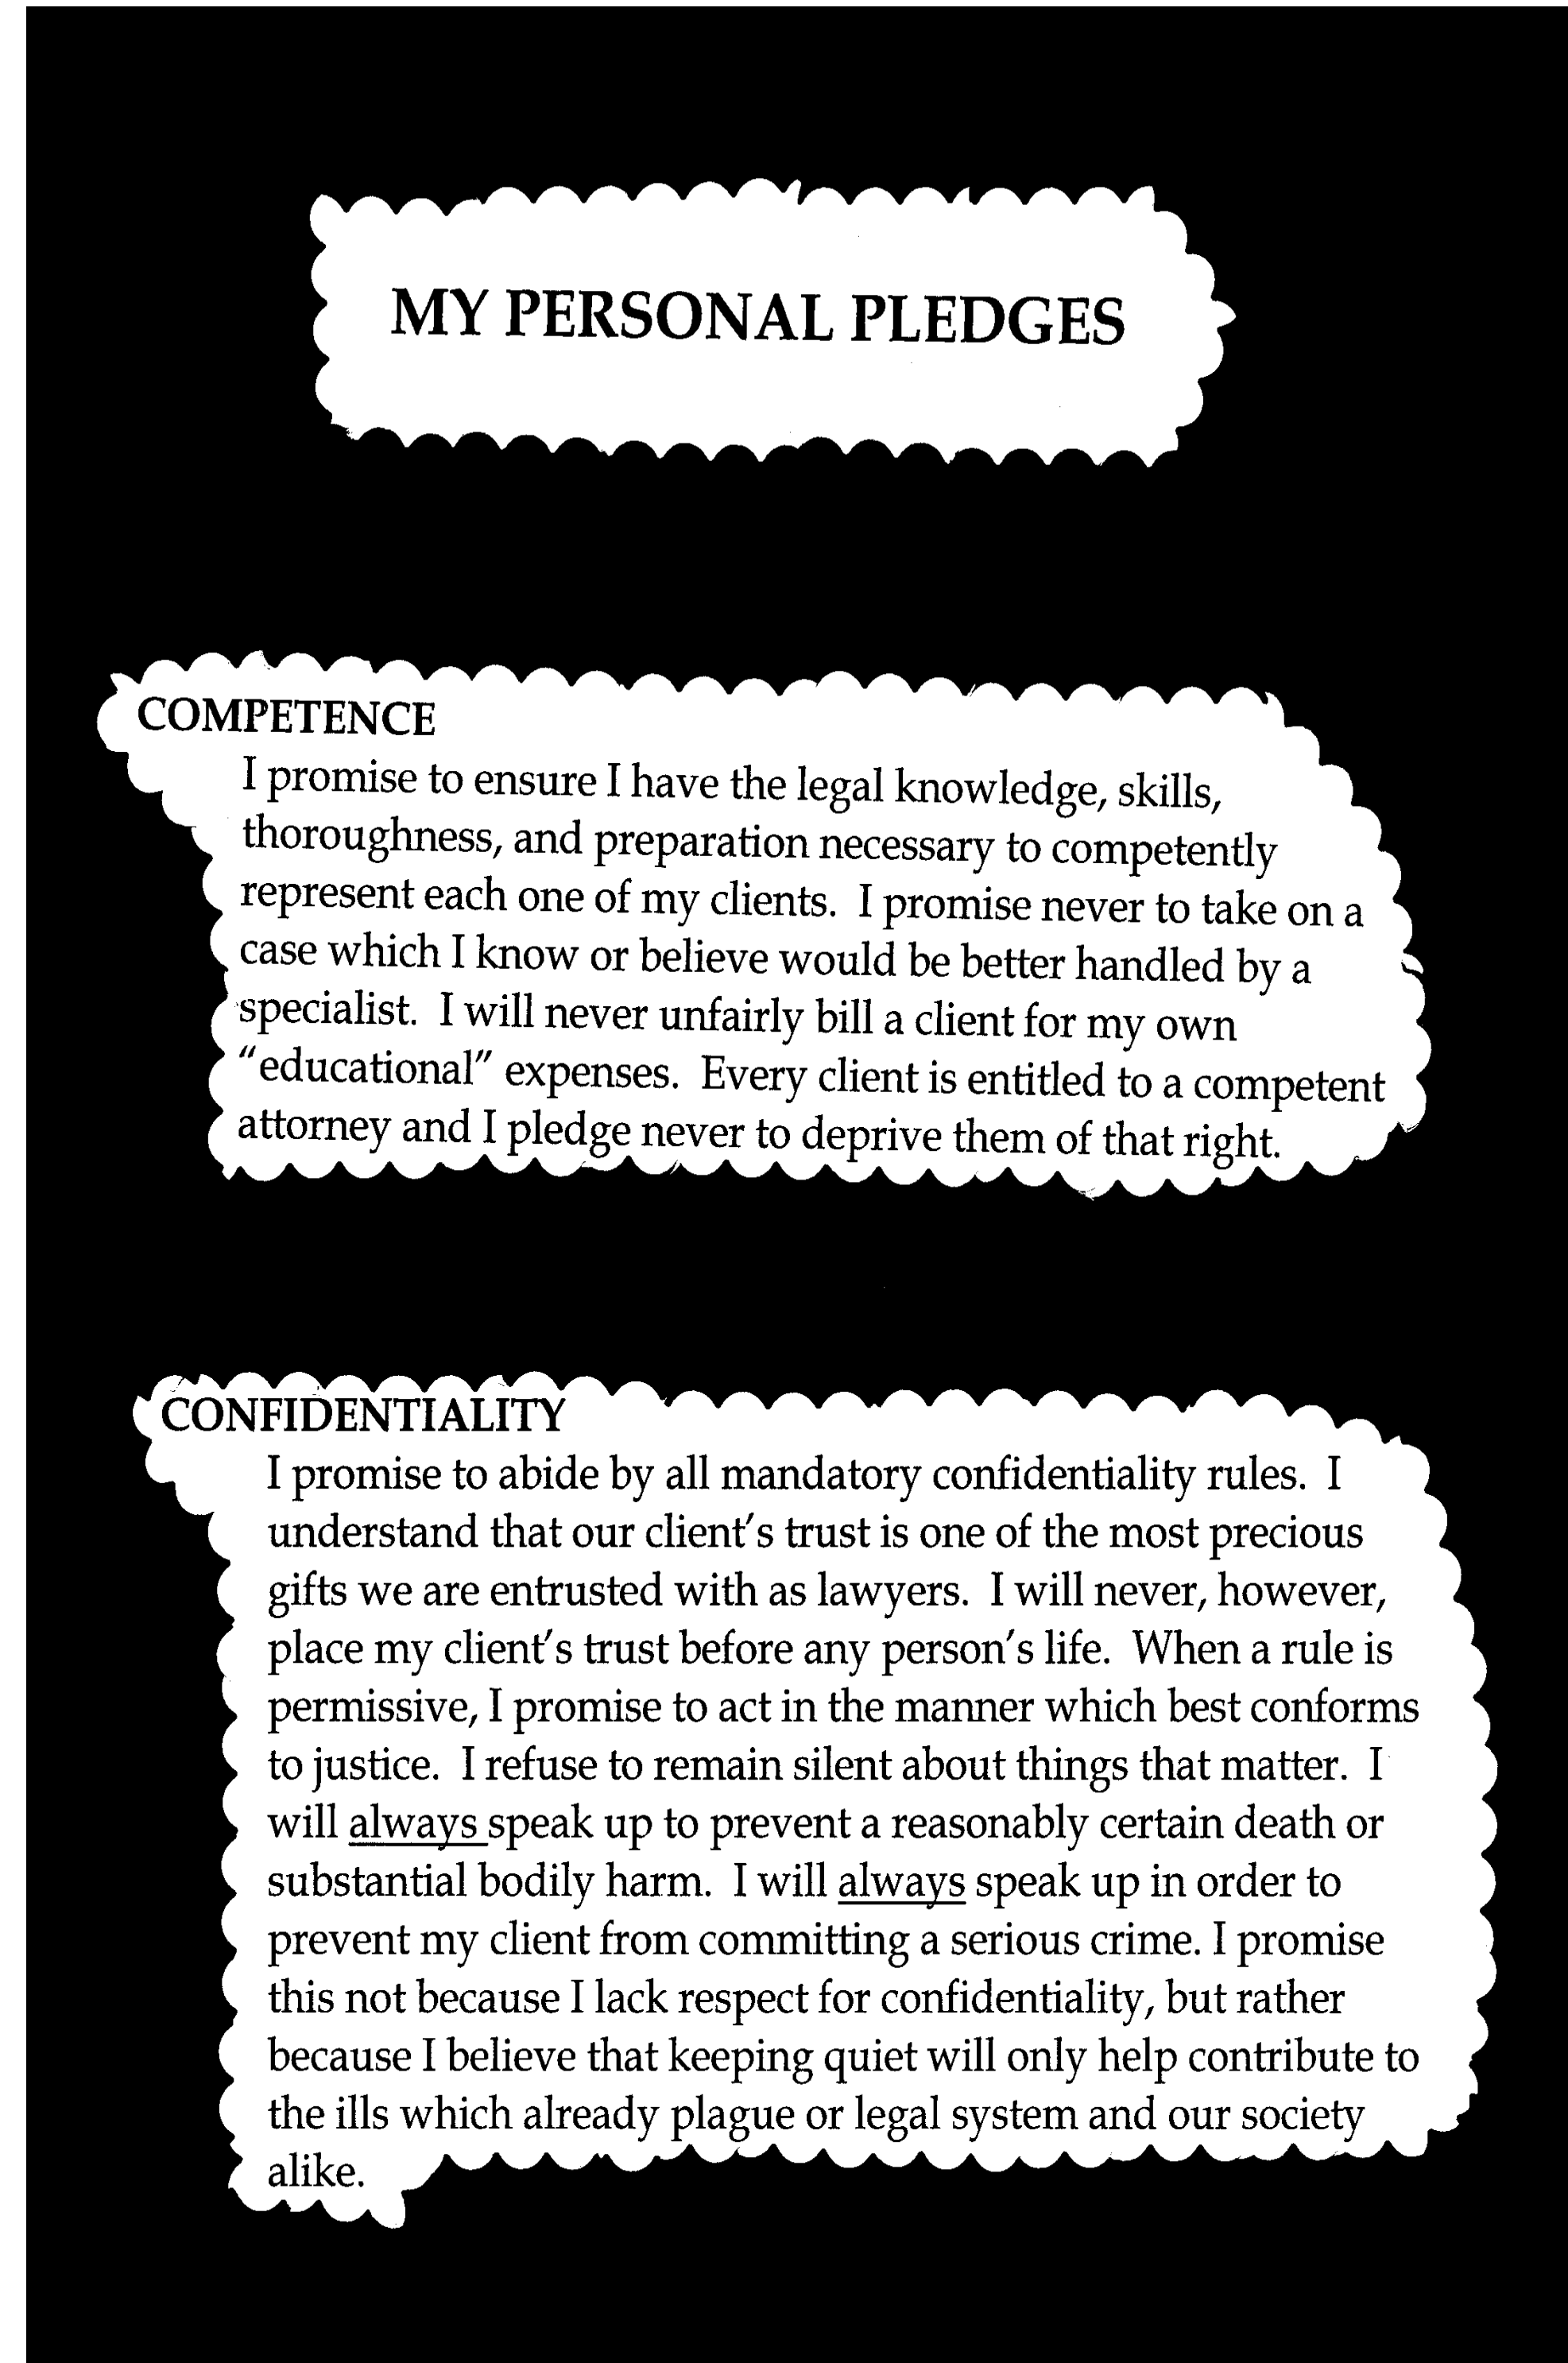

Personal PR Profile Assignment

The goal of this assignment is to give you an opportunity to think about how you will incorporate the standards you learn in this course into your professional life and develop a personalized set of ethical rules and values to use as you begin your career as a lawyer. Throughout the course, as you learn about the rules and the kinds of dilemmas lawyers face, pay attention to which issues trouble you or are more important to you and consider how you want to deal with them. Your Personal PR Profile should describe the kind of lawyer you want to be and why you want to be that kind of a lawyer. You can create your profile in any form that is meaningful to you - be as creative as you want to be.
